PART TWO: COMPETENCES

SECTION C: READING COMPREHENSION (10 MARKS)

The food we eat

What we eat depend on our age and how much physical activity we do. Adults do not need much protein. But children and teenagers need lot of protein because their bodies are growing. We should eat a little of these every day.

People with physical jobs or sportspeople should eat a lot of energy-giving food like plantains, cassava or rice. Sugar gives energy but we should not eat too much because it is bad for our teeth.

Sweets contain lot of sugar so we should only eat a few sweets. Fruits and vegetables contain vitamins. Vitamins protect body against diseases so we should eat a lot of fruit and fresh vegetables. Butter and oil contain a lot of fat. We should not eat much fat because it is bad for our health.

There is one thing we cannot live without: it is water —water 80%of human body is water. We should drink about of two litres of water every day.
