Part III: Reading comprehension (10marks)

Read the text carefully and answer the following questions.

The primary task of firefighters is to prevent the spread of fires and to extinguish fires. They also rescue people and animals.

Firefighters use emergency vehicles such as specially equipped fire trucks to fight fires and for rescues. To put out fires, they use water hoses, fire extinguishers and water pumps. They also use ladders, axes and other equipment during their work.

Would you like to become a firefighter? You will need a high school diploma, a health check and a training at a fire academy. Also volunteers are part of emergency service and their role is very important as well to rescue and save life. Volunteer do not get paid, but their assistance is essential in emergencies.
