#### Small jobs

My name is Andrew. I'm fourteen and I am a newspaper boy. Every morning before school I deliver newspapers, so I have to get up early. I go to the newspaper shop which is near my home. I must be there by 6 o'clock. The shopkeeper gives me the newspaper for about 20 customers at a time. I put the papers into a bag and I go as fast as I can on my bicycle. There are lots of different newspapers and the right one has to go to the right customer. Then I go back for another 20 newspapers. I deliver about 100 newspapers a day I must be quick, because school starts at 8 o'clock. I get 15 francs for every news papers that I deliver. So I get about 9000 fcfa a week. At the end of the year customers give me a present of money .So it is not a bad job. There is a prize each year for the best newspaper boy. I hope to win this year.
