1.4	It is said that cigarettes and drugs have become a particular concern in many countries of the
	today. Cigarettes and drugs cause a lot of health hazards that are ignored by many. The risks of
	ulosis and HIV/AIDS are increased by smoking and drug addiction. When you smoke, you render
•	ungs vulnerable to tuberculosis. Your lungs lose their vitality there by causing problems in your
	ttory tract. You become thin, weak and you may be unconscious. The continuous accumulation of
nicotin	ne in your organism becomes toxic and this leads to the destruction of your respiratory organs.
-	Smokers end up becoming drug addicts. Drug addiction is a dangerous phase of the smoking
-	s. Addicts may use syringes to inject drugs into their bodies. This is when they can easily contract
	AIDS because the syringes may be contaminated. It has also been realized that most of the criminals
today a	are the products of drug addiction.
	Stop smoking for your health and Social well-being prevention is better than cure and a word to a
