SECTION C: READING COMPREHENSION (10marks)

Read the text and answer the questions that follow.

Students study, make friends and participate in many activities in school. They study subjects like Mathematiques, French, Biology, History, Chemistry, Physics and English language. They also have co-curricular activities such as clubs, sporting events or tournaments and different celebrations. Clubs like the English club, Science club, Journalism and health club play an important role in making school life interesting. Most citizens who end up becoming teachers, Scientists, Journalists and Medical doctors discovered their talents in these clubs.
