READING COMPREHENSION 10 Marks

Read the following passage below and do as instructed.

A balanced diet is a meal that contains all the food nutrients. A balanced also means eating different kinds of foods in the right quantities. Eating healthy is easy and fun. You can choose from foods that are good for you. Some examples are:

- Fruits and vegetables: they have vitamins and minerals that help your body. Eat at least 5 portions a day.
- Whole grains: they have fibre that helps your digestion. Some examples are bread, rice, pasta, and oats.
- Protein: they help your muscles and bones. Some examples are beans, eggs fish, and meat.
- Healthy fats: they help your heart and brain. Some examples are nuts, seeds, and olive oil.

You should also drink plenty of water and avoid foods that have too much sugar, salt, or fat. These foods can make you sick or overweight. Enjoy your food, but do not eat too much or too little. This is a balanced diet.
