Through each.....

PART 2 COMPETENCES : 20 marks

SECTIONC : READING COMPREHENSION (10 mrks)

Read the passage below and answer the questions that follow.

Emergency medical services treat illnesses and injuries that require urgent medical response.In an emergency, people contact the emergency services by phoning a special number, for example,999 or112.This puts them in contact with services such as :ambulances, paramedics, the police or the brigade, who provide help.Paramedics and ambulances provides out of hospital treatment and transportation to hospitals. They give the first response to calls for help.

Hospitals have Emergency Rooms (ER) , and Emergency Wards (EW) where patients are given special attention.these facilities provide initial treatment for a wide spectrum of illnesses and injuries that require immediate medical care.People with severe injuries and trauma are taken there for emergency treatment.Emergency Rooms and Emergency Wards facilities operate around

the clock 24 hours per day. In some countries, emergency departments have become important entry points for those without any means of access to medical care. The people who work in these facilities make a difference in the lives of people.
