sujetexa.com

5.Many young people are _____ because they have no skills.

SECTION C: READING COMPRENSION (10mks).

Read the descriptions of two common jobs below and do as instructed.

Electrician job description

Electricians take a lot of risks, but their work is very important. Without them, there will be no light. Every day, they connect electric cables both on poles along streets and in houses. They also place or replace bulbs, install and fix electric prepaid metres and transformers. There is a high demand of trained electricians in today's world because people use more and more electrical appliances and build modern infrastructure. If young boys and girls choose this profession, they will have a bright future.

Carpenter job description

Carpenters make and install different pieces of furniture in offices and homes. They work with wood, and sometimes with concrete when roofing houses. They also repair chairs, tables and cupboards, lay wooden floors and ceilings and build bridges. Carpenters need to be skilful and hardworking. They must be good at designing shapes. If they have an eye for detail, they will make good quality pieces of furniture.

A- Answer True or False.
